**EXPLANATORY STATEMENT PURSUANT TO THE PROVISIONS SECTION 102 OF THE COMPANIES ACT, 2013.****Item no. 3:**

On recommendation of Nomination and Remuneration Committee, the Board of Directors of the Company has at its meeting held on February 03, 2023 approved revision in remuneration of Mr. Shrikant Pareek, Director (Operations) from ₹ 11,25,029 /- per month (excluding Company's contribution to Provident Fund, Gratuity, and Leave encashment as per rules of the company) to ₹ 12,62,586/-per month (excluding Company's contribution to Provident Fund, Gratuity, and Leave encashment as per rules of the company) as per the provisions of Section 197 read with Schedule V of the Companies Act, 2013, effective from April 1, 2022 till the remaining tenure of his term i.e. July 31, 2023. In case of Company having no profit or inadequate profit, Mr. Shrikant Pareek would be entitled for minimum remuneration as mentioned in the abovesaid resolution.

The material terms of remuneration of Mr. Shrikant Pareek effective from April 01, 2022 to July 31, 2023 as recommended by the Nomination and Remuneration Committee and approved by the Board of Directors at their respective meetings held on February 03, 2023 have been set out in the resolution.

The remuneration as proposed in the resolution is appropriate in terms of the size of the Company, its financial position, trend in the industry and his qualification, experience, past performance, past remuneration and responsibilities shouldered by him.

The statement containing the following information is given as per Section II of Part II of Schedule V of the Companies Act, 2013:**I. General Information:**

The Company was incorporated in the year 1982 and is already in commercial production since quite a long time. The Company is primarily engaged in the Textile Business and one of India's leading 100% cotton fabric manufacturers. It offers a range of cotton textile products encompassing Denims, garments and ready-to-stitch fabrics and is also engaged in garment processing. From the current year, the Company has started activities in the Real Estate business and has also started investment activities with a long term perspective. As per the Audited Financial Statements for the year ended 31.03.2023, the Company has reported Total Income of ₹ 21,062 lacs. The Company has reported a loss of ₹ 665 lacs for the year as compared to a profit of ₹ 1,792 lacs during the preceding year. Profitability for the previous year includes exceptional items of ₹ 3,579 lacs towards profit on sale of land and a loss of ₹ 316 lacs related to discontinued operations. Excluding such exceptional items, the performance for the year has improved by ₹ 811 lacs during the year. The foreign holding including Non-Resident Indians (NRIs) holding is 0.45% of the equity capital of the Company.

II. Information about the appointee:

Mr. Shrikant S. Pareek has done his B. Tech. (Textile Technology) from L.D.C.E. and MBA (Marketing) from BK School of Management, Ahmedabad. He has about 30 years of experience in field of textiles. After working in Arvind and ATIRA, he is working with the Group Ashima since past 26 years. While working in various positions from head of the department to Chief Commercial Officer of Group Ashima, he has managed various assignments in all the divisions and functions of the Company. The Company has benefitted a lot on account of his leadership, sharp insight and analytical ability during his tenure.

III. Other Information:**a. Reasons for loss or inadequate profits:**

As reported last year, the company had to stop production activities across various divisions from end of November, 2021 due to disconnection of effluent discharge facility by the Ahmedabad Municipal Corporation at the behest of Hon'ble Gujarat High Court order upon its suo-moto writ petition, in spite of company being fully compliant and holding all requisite permissions. As a result, the wet- manufacturing operations of the company remained suspended almost for the entire year.

b. Steps taken or proposed to be taken for improvement and expected increase in productivity and profits in measurable terms:

During the year, the Company has been able to improve its operational performance in spite of abrupt disruption of business activities consequent to legal matter. The company took many initiatives in order to continue the business operations by making outsourcing arrangement for a part of activities wherever required and has been able to maintain the level of revenues during the year and has been able to bring down the operational loss compared to previous year. The textile operations have been able to increase export revenues, keep the costs under tighter control and achieve marginal reduction in operational loss for the year. During the year, the company has also installed the Zero Liquid Discharge facility for effluent treatment and received requisite statutory permission and has started trial operations of its newly-installed Effluent Treat Plant (ETP) and Zero Liquid Discharge (ZLD) plant for effluent treatment during the fag-end of the year. At the same time, improved performance of the Investment division has enabled the company to post improved PBT (before exceptional items). The Real Estate activities of the company is also likely to pick up pace and add to the revenues and profitability of the Company.

IV. Disclosures

The resolution sets out the entire terms and conditions of the remuneration of Mr. Shrikant Pareek, Director (Operations) of the Company. The Board of Directors recommends the Special Resolution as set out at Item no. 3 of this Notice for the approval of the members. Besides remuneration proposed, Mr. Shrikant Pareek does not have any pecuniary relationship with the Company directly or indirectly. He holds 1199 equity shares in the share capital of the Company.

None of the Directors, Key Managerial Personnel (KMP) and their relatives are anyway concerned or interested financially or otherwise in the said resolution except Mr. Shrikant Pareek and his relatives.

Item no. 4:

Explanatory Statement

(Pursuant to the provisions of Section 102 of the Companies Act, 2013)

Item No. 8

Pursuant to the provisions of Regulation 23 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations), the threshold limit for determination of material Related Party Transactions is ₹ 1,000 crores (Rupees One thousand crores) or 10% (ten percent) of the annual consolidated turnover of the Company as per the last audited financial statements of the Company, whichever is lower and such material related party transactions exceeding the threshold limit, shall require prior approval of shareholders of the Company by means of an ordinary resolution. The said approval is required for all Material Related Party Transactions, even if such transactions are in the ordinary course of business and at arm’s length.

In terms with the above requirement of Regulation 23 of Listing Regulations, the approval of the Shareholders is sought for material related party transaction with Subahu Enterprises LLP, a Related Party, for issue of Unlisted, Secured, Unrated, Redeemable, Rupee Denominated, Non-Convertible Debentures (“NCDs”) on private placement basis in one or more tranches up to an amount not exceeding ₹30 Crores (Rupees Thirty Crores only).

**ASHIMA LIMITED**

The said amount of ₹30 crores (Rupees Thirty Crores only) is in excess of 10% of the annual consolidated turnover of the Company for F.Y. 2022-23 and therefore, the Board of Directors recommends the resolution as set out at Item No. 8 of this notice for approval of the shareholders as an Ordinary Resolution.

The details of Material Related Party Transaction pursuant to SEBI Circular No. SEBI/HO/CFD/CMD1/CIR/P/2021/662, dated November 22, 2021 is mentioned hereunder:

Sr. No.	Nature of information	Particulars
1.	Type, material terms and particulars of proposed transaction	Private Placement of issue of Unlisted Secured, Unrated, Redeemable, Rupee Denominated, Non-Convertible Debentures ("NCDs") in one or more tranches at a coupon rate of upto 12%. The transaction would be at an arm's length pricing.
2.	Name of Related Party and its relationship with the Company, including nature of its concern or interest (financial or otherwise)	Subahu Enterprises LLP, is a related party. Nature of Relationship: (1) Mr. Chintan N. Parikh, Chairman and Managing Director (Promoter) of the Company is the Designated Partner of Subahu Enterprises LLP. (2) Mrs. Shefali Chintan Parikh, (Member of Promoter Group) of the Company and Relative of Mr. Chintan N. Parikh is the Designated Partner of Subahu Enterprises LLP. The related party has no other transactions with the Company except subscribing to the proposed NCDs at market prevalent rate of interest, it has no other concern or interest.
3.	Tenure of the proposed transaction	5 years from the respective Date of Allotment.
4.	Value of the proposed transaction	Not exceeding ₹30 Crores (Rupees Thirty Crores only)
5.	Percentage of Company's turnover for immediately preceding financial year, that is represented by value of proposed transaction	The value of related party proposed transaction (at maximum value) represents 14.49% to the Company's consolidated turnover for the financial year 2022-23.
6.	Justification as to why the RPT is in the interest of Company	Since the proposed transaction would be at an arm's length price and the Company would have more ease and flexibility to deal with the related party for completion of transaction and deployment of funds for the working capital requirements of the Company.
7.	Valuation or other external party report, if any, relied upon by the Company in relation to the proposed transaction	Valuation or other external party report is not required for the proposed transaction.
8.	Any other information that may be relevant	The proposed transaction will be in the ordinary course of business and on an arm's length basis.

Pursuant to the provisions of Regulation 23(4) of the Listing Regulations, no related party shall vote to approve the resolution as set out at item no. 8 of this notice, whether such related party is a party to the above-mentioned transaction or not.

Except, Mr. Chintan Parikh, Mr. Krishnachintan Parikh and their relatives, none of the other Directors, Key Managerial Personnel (KMP) and their relatives are anyway concerned or interested, financially or otherwise in the said resolution.

2. DIVIDEND

Your Directors do not recommend any dividend on the equity shares as well as preference shares for the financial year ended March 31, 2023.

3. RESERVES

During the financial year under review, no amount has been transferred to any reserve.

4. REVIEW OF BUSINESS OPERATIONS AND FUTURE PROSPECTS

During the Financial Year 2022-23, the company has reported a loss of ₹ 665 lacs compared to a profit of ₹ 1,792 lacs during the preceding year. Profitability for the previous year includes exceptional items of ₹ 3,579 lacs towards profit on sale of land and a loss of ₹ 316 lacs related to discontinued operations. Excluding such exceptional items, the performance for the year has improved by ₹ 811 lacs during the year.

During the year, the Company has been able to improve its operational performance in spite of abrupt disruption of business activities consequent to legal matter. The company took many initiatives in order to continue the business operations by making outsourcing arrangement for a part of activities wherever required and has been able to maintain the level of revenues during the year and has been able to bring down the operational loss compared to previous year. The textile operations have also been able to increase export revenues. During the year, the company has also installed the Zero Liquid Discharge facility for effluent treatment and received requisite statutory permission and has started trial operations of its newly-installed Effluent Treat Plant (ETP) and Zero Liquid Discharge (ZLD) plant for effluent treatment during the fag-end of the year. At the same time, improved performance of the Investment division has enabled the company to post improved PBT (before exceptional items). The Real Estate activities of the company is also likely to pick up pace and add to the revenues and profitability of the Company.

Denim Division : Production and sales volumes of the division have seen marginal de-growth due to plant disruption. However, there has been a shift in terms of customer-base wherein the business with the brand segment has registered decent growth along with improved margins. On the other hand, the input costs of the materials, dyes, chemicals and fuel as well as the fixed costs of the division have largely remained under check. As a result, the overall performance of the division has improved significantly and its operational loss has reduced by 40% during the year.

Dyecot Division : All the production activities of this division are of wet-processing nature, the business disruption has impacted this division the most. During the year under review, the volumes across various market segments have gone down significantly. As the resources were constrained, the division decided to be very selective in terms of its customer base and focussed more on high-value added segment. These efforts helped the division to have much better margins on its product range. However, the overall reduction in the volumes resulted into the operational loss for the division moving up during the year.

Garment Division : The production and sales volumes of the division have seen improvement during the year. However, business scenario for the apparel market at the macro level has remained subdued during the year owing to general inflationary pressures and thereby weakened consumer demand. The prices and margins of the products have therefore been able to post only marginal improvement. At the same time, the division continues to remain profitable year after year.

Attires Division : This division mainly represents ready-to-stitch fabrics under the brand name “ICON”. Though the volumes during the year have seen a decent growth of more than 25% year-on-year, the margins have shrunk due to multiple reasons including highly volatile raw material price scenario and additional costs related to outsourcing requirements. The profitability of the division has therefore reduced during the year.

Textile Activity (as a whole) : In overall terms, the textiles business has been able to maintain the levels of revenues and margins in spite of a very challenging year for the company from many perspectives. Expenses have remained under control and the loss before exceptional items has marginally reduced during the year.

Real Estate Division : The division has commenced its activities during the year and is well poised to take advantage of the fast-growing Real Estate market of Ahmedabad. Currently the Company has two projects: “Swan Lake”, which is a weekend homes project and a yet to be launched project of high-end, high-rise luxurious residential units. The Company has received overwhelming market response to the Swan Lake project. The project is likely to generate revenues from the next year, i.e. financial year 2023-24.

Investment Division : It makes investment in equity shares with a long-term perspective. As per accounting norms, periodic performance is reported based on market value of shares held at the end of the period, apart from profit/loss on sale of investments and dividend income during the reporting period. Accordingly, the Division has reported higher profit than the previous year, mainly due to mark-to-market valuation of stocks held by it. The division has consistently outperformed the benchmark indices in terms of XIRR.

Outlook:

A detailed discussion on performance and outlook appears as part of Management Discussion and Analysis Report attached to this report.

SECRETARIAL AUDIT REPORT

For the financial year ended 31 March 2023

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
ASHIMA LIMITED
CIN : L99999GJ1982PLC005253
Texcellence Complex,
Khokhara – Mehmedabad,
Ahmedabad - 380021

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Ashima Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and based on the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit through electronically by way of scan copy or soft copy through mail, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2023, generally complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined through electronically by way of scan copy or soft copy through mail or otherwise, the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2023 and made available to me, according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made there under as applicable;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

ANNEXURE-4
CORPORATE GOVERNANCE REPORT

The Directors present the Company's Report on Corporate Governance for the year ended on March 31, 2023:

1. Company's Philosophy on Corporate Governance:

Ashima believes in transparency and has immense value for the principles of corporate governance. Ashima understands that accountability, equity and total transparency in its interaction with all stakeholders is its responsibility while conducting its business and hence is totally committed to achieving highest level of standards in corporate governance practice. It is a well-accepted fact, both in India and world over that a good governed organization results in maximizing its stakeholders' value in long run. In line with these globally accepted principles of good corporate governance, Ashima has ensured and implemented the same in its true letter and spirit, to maximize shareholders' wealth. Ashima believes that good corporate governance practice enables the management to direct and control the affairs of a company in a more efficient manner and achieve its ultimate goal of maximizing value for all its stakeholders. The Board remains the custodian of trust and acknowledges its responsibilities towards our growing stakeholder fraternity for sustainable long-term wealth creation. Integrity, transparency, fairness, accountability and adherence to prevailing laws are integral to our business practices. These principles have evolved, over the years, from the Company's culture of agility, continuous innovation and rich experiences gleaned from the past.

The Board and its Committees guide, support and complement the management team's ideas and initiatives, which in turn assumes accountability, strives to achieve the set objectives and enhances value creation for all.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Economic Overview & Outlook**Global Economy**

The global economy is going through a slowdown on account of multiple shocks. After recovering from the pandemic-induced downfall, the global economy has lost momentum on account of Russia-Ukraine war and other factors, which is slowing down growth. The conflict has disrupted global supply chains and led to a spike in prices of critical commodities, leading to an uptick in inflationary pressures. Major central banks around the world undertook monetary tightening to restrain the consequent inflation which has resulted in increased borrowing costs. High inflation is also reflected in multiple leading indicators of global economic activity.

As per International Monetary Fund (IMF) World Economic Outlook (WEO), October 2022, the global economy is experiencing a number of turbulent challenges, and the future of global economy rests critically on the successful calibration of monetary policy, the course of the war in Ukraine, and the possibility of further pandemic-related supply-side disruptions. IMF has projected global growth to decline from 6.0 per cent in 2021 to 3.2 per cent in 2022 and 2.7 per cent in 2023. Rising interest rates and the war in Ukraine continue to weigh on economic activity. With inflation persisting in the advanced economies and the central banks continuing with rate hikes, downside risks to the global economic outlook appear elevated.

Indian Economy

India's growth continues to be resilient despite some signs of moderation in growth. The growth is driven by strong performance in the manufacturing, agriculture and service sectors. The government's focus on infrastructure development, investment in manufacturing and agriculture and steps to improve ease of doing business helped to boost growth. The World Bank has revised GDP forecast to 6.3 percent (from earlier forecast of 6.6 percent) for financial year 2023-24. Going forward, Growth is expected to be constrained by slower consumption growth and challenging external conditions. Rising borrowing costs and slower income growth will also weigh on private consumption growth. Government consumption is projected to grow at a slower pace due to the withdrawal of pandemic-related fiscal support measures. There were some signs of moderation in the second half of the financial year 2022-23. Inflation remained high, averaging around 6.7 percent in the financial year 2022-23 but the current-account deficit narrowed in Q3 on the back of strong growth in service exports and easing global commodity prices. As per the latest IMF World Economic Outlook estimates, the Indian economy continues to be one of the fastest growing major economies.

Indian Textile Industry

India's textiles and clothing industry is one of the mainstays of the national economy. It contributes significantly to foreign exchange revenues and also holds importance from the employment point of view as it provides direct and indirect employment and is a source of livelihood for millions of people including a large number of women and rural population. The factors contributing to growth of the sector include presence of complete textiles value chain and self-reliance in raw materials with high spinning and weaving capacity, competitive costs of manufacturing, favourable Government policies, large and growing domestic market, greater digital penetration including e-commerce, availability of vast pool of skilled and semi-skilled workforce, besides an enabling infrastructure. In keeping with goal of making India's development inclusive and participative, the Government's central focus has been on increasing textile manufacturing by building the best-in-class manufacturing infrastructure, upgradation of technology fostering innovation, enhancing skills and traditional strengths in the textile sector.

One major trend in the Indian textile industry is the increased focus on sustainability and eco-friendliness. Consumers are becoming more environmentally conscious, and as a result, there is a growing demand for textiles that are made from sustainable materials and produced using eco-friendly processes. Another trend in the Indian textile industry is the growing adoption of technology. Automation, artificial intelligence, and machine learning are becoming increasingly common in textile production, helping companies improve efficiency, reduce waste, and enhance product quality. This trend is expected to continue, with more companies adopting advanced technologies in the coming years.

**Company's Performance**

The Company has been able to improve its operational performance during the year in spite of abrupt disruption of business activities consequent to legal matter. As reported last year, the company had to stop production activities across various divisions from end-November, 2021 due to disconnection of effluent discharge facility by the Ahmedabad Municipal Corporation at the behest of Hon'ble Gujarat High Court order upon its suo moto writ petition, in spite of company being fully compliant and holding all requisite permissions. As a result, the wet-manufacturing operations of the company remained suspended almost for the entire year. The company therefore decided to install Zero Liquid Discharge facility for effluent treatment. The company has now installed the facilities and received requisite statutory permission and has started trial operations of its newly installed Effluent Treat Plant (ETP) and Zero Liquid Discharge (ZLD) plant for effluent treatment during the fag-end of the year.

During the year, the company took many initiatives in order to continue the business operations by making outsourcing arrangement for a part of activities wherever required and has been able to maintain the level of revenues during the year and has been able to bring down the operational loss compared to previous year. Increase in export revenues, a strategic push to segments offering higher realisations and tight control over costs has helped several textile divisions achieve significantly higher value additions. At the same time, improved performance of the Investment division has enabled the company to post improved PBT (before exceptional items).

Segment-wise Analysis and Review

The Company is primarily engaged in the Textiles business segment. From the current year, the company has started activities in the Real Estate business and has also started Investment activities with a long-term perspective. Hence these two segments have now been added to the business activities of the company. The textile operations of the company have various divisions based on the product profile. Such division-wise and business-wise performance during the year is discussed hereinbelow:

Denim Division: Production and sales volumes of the division have seen marginal de-growth due to plant disruption. However, there has been a shift in terms of customer base wherein the business with the brand segment has registered decent growth along with improved margins. This significant shift has enabled the division to achieve an impressive rise in selling prices and its value addition levels. On the other hand, the input costs of the materials, dyes, chemicals and fuel as well as the fixed costs of the division have largely remained under check. As a result, the overall performance of the division has improved significantly and its operational loss has reduced by 40% during the year.

Dyecot Division: This division represents fabric processing activities and has piece-dyed shirting, khakis and interlining fabrics as its product range. As all the production activities of this division are of wet-processing nature, the business disruption has impacted this division the most. During the year under review, the volumes across various market segments have gone down significantly. However, the division decided to be very selective in terms of its customer base and focussed more on high value added segment. These efforts helped the division to have much better margins on its product range. Such higher margins partly helped to off-set the extra costs of outsourcing activities and still have improved contribution levels. However, the overall reduction in the volumes resulted into the operational loss for the division moving up during the year.

Garment Division: The production and sales volumes of the division have seen improvement during the year. However, business scenario for the apparel market at the macro level has remained subdued during the year owing to general inflationary pressures and thereby weakened consumer demand. The prices and margins of the products have therefore been able to post only marginal improvement. At the same time, the division continues to remain profitable year after year.

Attires Division: This division mainly represents ready-to-stitch fabrics under the brand name "ICON". Though the volumes during the year have seen a decent growth of more than 25% year-on-year, the margins have shrunk due to multiple reasons including highly volatile raw material price scenario and additional costs related to outsourcing requirements. The profitability of the division has therefore reduced during the year.

Textile Activity (as a whole): In overall terms, the textiles business has been able to maintain the levels of revenues and margins in spite of a very challenging year for the company from many perspectives. Value additions have improved, expenses have remained under control and the loss before exceptional items has marginally reduced during the year.

Real Estate Division: The division has commenced its activities during the year and is well poised to take advantage of the fast-growing Real Estate market of Ahmedabad. Currently the Company has two projects: “Swan Lake”, which is a weekend homes project and a yet to be launched project of high-end, high-rise luxurious residential units. The Company has received overwhelming market response to the Swan Lake project. Project execution is going on well and has picked up pace during the year. The project is likely to generate revenues from the next year, i.e. financial year 2023-24.

Investment Division: It makes investment in equity shares with a long-term perspective. As per accounting norms, periodic performance is reported based on market value of shares held at the end of the period, apart from profit/loss on sale of investments and dividend income during the reporting period. Accordingly, the Division has reported higher profit than the previous year, mainly due to mark-to-market valuation of stocks held by it. The division has consistently outperformed the benchmark indices in terms of XIRR.

Other matters: Other income represents profit on sale of immovable property. The company also sold its investments in a subsidiary company and the profit of such sale has been recorded as an exceptional item.

FINANCIAL RESULTS AND OUTLOOK:

Financial performance:

The company has reported improved performance during the year. During the year under review, the company has reported a loss of ₹ 665 lacs compared to a profit of ₹ 1,792 lacs during the preceding year. Profitability for the previous year includes exceptional items of ₹ 3,579 lacs towards profit on sale of land and a loss of ₹ 316 lacs related to discontinued operations. Excluding such exceptional items, the performance for the year has improved by ₹ 811 lacs during the year. The improved performance has been under highly challenging scenario where a part of manufacturing activities of the company was non-operational for almost entire year.

Raw material:

After experiencing unprecedented rise during the previous year, the raw material prices remained highly volatile during the year. Cotton yarn prices rose sharply in the first half of 2022-23, driven by higher raw cotton prices and strong demand from the export market. The outlook for cotton yarn prices is uncertain. Raw cotton prices are expected to remain volatile, and demand from the export market is expected to be weak. However, domestic demand is expected to remain strong. Though the volatility reduced as the year went by, prices continued to remain stable at a quite high level during later part of the year. Compared to last year levels, the yarn prices have further gone up by more than 12%, which the company has been able to pass on by way of increased selling prices. The company has a practice of incorporating price changes in its costing model, however such a high volatility scenario makes the business decisions very difficult as the prices can change significantly between the period an order is taken and the materials are procured, resulting into uncontrolled changes. At the same time, each successive increase in the input costs makes the process of passing on the increase to the customer through higher selling prices more difficult.

Dyes and Chemicals:

The prices of dyes and chemicals have been on a rising trend since the beginning of 2022. This is due to a number of factors including increase in prices of raw materials, increased demand and shortage of supply. As a result of these factors, the prices of dyes and chemicals have increased by an average of 20% in 2022-23. This has put a strain on the textile industry and other industries that use dyes and chemicals. The prices of majority of dyes and chemicals continued to move up during the year and have shown stabilizing trends during the later part of the year. Changes in prices of such materials are incorporated in the pricing on a periodic basis and efforts of the company continue to optimize the costs by various ways including recipe change, process change, use of alternative chemicals, etc.

Utilities:

Power, fuel and gas are significant components of the overall variable costs of the company as most of the processes consume significant power and fuel at various stages of the manufacturing activity. The increase in power tariff was modest during the year, however coal prices have remained at very high levels since last year. Energy generation in the company is mainly driven by coal-fired boilers and hence increasing coal prices

have a direct impact on the variable costs. Earlier, the company used to source a part of power requirement through the open access platform, however the prices on these platforms have remained quite high and not viable during the year.

Other expenses:

Inflation has remained at a high level throughout the year, having a considerable impact on all the cost components for the company. Company exercises appropriate cost control mechanism to keep various overhead under control by resorting to innovative practices and solutions on an ongoing basis. At the same time, the company had to outsource a part of manufacturing activities where substantial costs were incurred in form of jobwork charges. There was also additional expense of legal and professional fees on account of litigation relating to the effluent discharge case.

Interest and others:

Finance costs during the year have marginally reduced compared to the previous year. The company has been carrying surplus cash resources for future deployment purposes and is able to earn interest income on the same. Higher funds are also deployed in business divisions due to increase in volumes and prices during the year. The costs are likely to rise further in line with higher business volumes projected going forward.

Significant changes in Financial Ratios and explanations thereon are appearing at note no. 52 to the Financial Statements.

Outlook:

With the commissioning of the ETP and ZLD plants, various manufacturing divisions of the company are now ready to operate at their full potential. The state-of-the-art brand-new facilities for effluent treatment will enable the Company to carry out its operations in the most eco-friendly manner. During the last few months, the Company has also overhauled its manufacturing set-up, revamped technical facilities and installed de-bottlenecking equipment in order to increase its capacities. These measures will go a long way towards strengthening the business capabilities of the company and reinforcing its environment-friendly commitment. After facing business challenges for the last couple of years, the company has now chalked out plans for deeper penetration into various market segments and is hopeful of regaining its position very fast. The Real Estate division of the company is also well poised to take advantage of the fast-growing Real Estate market of Ahmedabad. The Indian textile industry in 2023 is expected to continue to grow and evolve, with sustainability and technology being key drivers of change. The Company is hopeful of addressing these challenges to remain competitive and thrive in the years ahead.

Resources and liquidity

The Company has a proper system in place to monitor the working capital requirements on an ongoing basis. Proper controls are exercised to ensure efficient utilisation of liquidity and to keep inventories and receivables under close watch. Various measures like marginal capital investments and tighter controls on operating cycle are actively performed on an on-going basis.

Opportunities:

The textile industry in India is particularly robust due to the wide diversity of fibers and yarns. The textile industry in India is technologically advanced and capital-intensive, thereby giving an edge to established players like the Company. India's textile sector is expected to develop rapidly due to strong domestic and international demand. By 2026-27, it is anticipated that the textile and clothing sector would increase to USD 190 billion, providing enormous opportunities in the process. The Company keeps on improving its manufacturing and technical capabilities as part of a systematic approach and hence it is better equipped to take advantage of such business opportunities.

Threats:

The impact of the global pandemic of 2020, the Russia- Ukraine War, inflation in countries such as the US and looming recession and surge in cotton prices is still unfolding with sluggish demand in export destinations such as EU and USA. The Indian textile industry faces several challenges. One of the most significant is the intense

competition from other textile-producing countries such as China and Bangladesh. To remain competitive, companies must focus on improving their efficiency and productivity, reducing costs, and enhancing the quality of their products. Another challenge facing the Indian textile industry is the shortage of skilled labour. This shortage is particularly acute in the areas of design and product development, where there is a need for highly skilled and creative individuals. Companies must invest in training and development programs to attract and retain skilled employees. Looking ahead, the textiles industry is expected to continue to face challenges related to sustainability and supply chain disruptions. However, with the implementation of new technologies and strategies, companies can adapt and continue to thrive in this rapidly evolving industry.

Risks and Concerns:

The company has an effective framework for assessment and mitigation of the risk. The management of the Company identifies, reviews and develops a plan for reducing risks. Current global and domestic headwinds need to be closely monitored for their impact on the business operations. Liquidity management and financial soundness of business partners will also be of high importance. To mitigate risks, the company believes in developing long-term relationships with its business partners.

Internal Control Systems and their adequacy:

The Company has in place its internal controls system as per the industry standards. The internal control systems of the company are commensurate with the size and nature of its business activities. There is a proper system to safeguard the interests of the company. The Board of Directors and Audit Committee are responsible for ensuring that the Internal Controls system laid down by the Company is adequate and operating effectively by reviewing at regular intervals. Internal Control system is in line with compliances requirement and expectations of business associates like customers, institutions and society at large.

Research and Development:

The company has sound technical knowledge and competent resources in the various areas of business it operates in. Continuous product improvement and process optimization is being followed on a routine basis which helps it achieve operational efficiency and improved product profile.

Human Resources and Industrial Relations:

The Company considers its human resources as one of the most valuable resources available to the Company. The Company continues to provide them with a safe and excellent working environment. This enables it to attract, develop and retain the talent required for driving sustainable growth of the company. The Company considers its Human Resources as a key to achieving operational performance. As on 31st March 2023, there are 226 permanent employees on the rolls of the Company. During the financial year under review the company has maintained peaceful and harmonious industrial relations.

Cautionary Statement:

Statements of Management Discussion and Analysis Report hereinabove contain certain forward-looking objectives, based on various assumptions on the Company's present and future business strategies and the environment in which we operate. Actual results may differ substantially or materially from those expressed or implied due to risk and uncertainties. The operations of the Company could be influenced by various factors such as domestic and global demand and supply conditions affecting sales volumes and selling prices of finished goods, input availability and cost, new regulations and Government policies, Tax Laws within the country and other factors like litigation and industrial relations of the Company.

INDEPENDENT AUDITORS' REPORT**To the Members of Ashima Limited****Report on the Audit of the financial statements****Opinion**

We have audited the accompanying financial statements of Ashima Limited ('the Company'), which comprise the balance sheet as at 31st March 2023, the statement of Profit and Loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ('Ind AS') and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, and its loss, total comprehensive income, the changes in equity and cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Based on the circumstances and facts of the audit and entity, there are no key audit matters to be communicated in our report.

Information other than the Financial Statements and Auditor's Report thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Business Responsibility and Sustainability Report, Corporate Governance Report and Directors' Report, but does not include the financial statements and our audit reports thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and Those Charged with the Governance for the financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind-AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or override of internal control.
- b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept, so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

“ANNEXURE A” TO THE INDEPENDENT AUDITORS’ REPORT

The Annexure referred to in Independent Auditors’ Report to the members of the Company on the financial statements for the year ended March 31, 2023.

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of accounts and other records examined by us in the normal course of audit, we report that:

1. (a) A. The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment on the basis of available information.
B. The Company has maintained proper records showing full particulars of intangible assets.
- (b) Some of the property, plant and equipment were physically verified during the year by the management in accordance with a programme of verification, which in our opinion provides for physical verification of all the property, plant and equipment at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the property, plant and equipment is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. In respect of immovable properties of land that have been taken on lease and disclosed under property, plant and equipment in the financial statements, the lease agreements are in the name of the Company, where the Company is lessee in the agreement.
- (d) According to the information and explanations given to us and the records examined by us and based on the examination, the Company has not revalued any of its property, plant and equipment (including Right of Use assets) and intangible assets during the year.
- (e) According to the information and explanations given to us and the records examined by us and based on the examination, no proceedings have been initiated during the year or are pending against the Company as at 31st March, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
2. (a) The inventories were physically verified during the year by the management at reasonable intervals. In our opinion and according to the information and explanations given to us, the procedures for the physical verification of inventory followed by management are reasonable and adequate in relation to the size of the company and the nature of its business. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with the books of accounts.
- (b) According to the information and explanations given to us, at any point of time of the year, the Company has not been sanctioned any working capital facility from banks or financial institutions and hence reporting under clause (ii)(b) of the Order is not applicable.
3. The Company has not provided loans, advances in nature of loan, stood guarantee or provided security to a company, firms, limited liability partnerships or any other parties. Accordingly, the requirement to report on clause (iii) (a) to (f) of the order is not applicable.
4. According to the information and explanations given to us, the Company has not given any loans, guarantees or security or made any investments to which provisions of section 185 and 186 of the Act is applicable, and accordingly paragraph 3 (iv) of the Order is not applicable to the Company.
5. The Company has not accepted any deposits from the Public within the meaning of the provisions of section 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Further, according to the information and explanations given to us, no order has been passed by the Company Law Board of National Company Law Tribunal or Reserve Bank of India or any court or any other Tribunal, in this regard.

6. We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules made by the Central Government for maintenance of cost records under subsection (1) of section 148 of the Companies Act, 2013 and are of the opinion that prima facie the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
7. (a) According to the information and explanations given to us and on the basis of our examination of the books of accounts, the company has been generally regular in depositing undisputed statutory dues including Goods and Services tax, Provident Fund, Employees' State Insurance, Income tax, Sales tax, Service tax, Duty of Custom, Duty of Excise, Value added Tax, Cess and any other material statutory dues during the year with the appropriate authorities. Moreover, as at 31st March, 2023, there are no such undisputed dues payable for a period of more than six months from the date they became payable.
- (b) Details of dues of Income Tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, and Value Added Tax which have not been deposited as on March 31, 2023 on account of disputes are given below:

9. (a) According to the information and explanations given to us and on the basis of our examination of the books of accounts, the Company has not defaulted in repayment of loans or borrowings or interest thereon from any financial institution, banks, government or due to debenture holders during the year.

An amount of ₹ 750 lacs in suspense account remains unsettled. Refer Note 20 of notes to financial statements.
- (b) According to the information and explanations given to us and on the basis of our audit procedure, we report that the Company has not been declared wilful defaulter by any bank or financial institution or other lender.
- (c) According to the information and explanations given to us, we are of the opinion that the term loans are applied for the purpose for which they were obtained;
- (d) According to the information and explanations given to us and on the basis of our examination of the books of accounts, we report that the funds raised on short term basis have not been utilized for the long term purpose.
- (e) According to the information and explanations given to us and on the basis of our examination of the books of accounts, the company has not taken any funds from any entity or person on account of or to meet the obligations of its associate.
- (f) According to the information and explanations given to us and on the basis of our examination of the books of accounts, we report that the Company has not raised any loans during the year on the pledge of securities held in its associate company.
10. (a) The Company did not raise any money by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under this clause of the Order is not applicable to the Company.
- (b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year;
11. (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.
- (b) According to the information and explanations given to us, no report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year.
- (c) According to the information and explanations given to us, there were is no whistle blower complaints received by the Company during the year.
12. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
13. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
14. (a) According to the information and explanations give to us and based on our examination of the records of the Company, we are of the opinion that the Company has an adequate internal audit system commensurate with the size and the nature of its business.

“ANNEXURE B” TO THE AUDITORS’ REPORT**Report on the Internal Financial Control clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **ASHIMA LIMITED** (“the Company”) as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management Responsibility for Internal Financial Controls

The company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India [“ICAI”]. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s Judgement, including the assessment of the material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The financial statements for the year ended March 31, 2023 were authorised for issue in accordance with a resolution of the directors passed at their Meeting held on May 16, 2023.

Note: 2-Significant Accounting Policies:

The following note provides list of the significant accounting policies adopted in the preparation of these financial statements.

These policies have been consistently applied to all the years presented unless otherwise stated.

1 Basis of preparation:

- A The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Companies Act, 2013.

Notes to the Financial Statements

- B The financial statements have been prepared on historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:
- i Derivative financial instruments
 - ii Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)
 - iii Defined benefit plans
 - iv Certain items of Property, Plant and Equipment
- C The amounts mentioned in the financial statements are rounded off to the nearest Lac. Figures less than ₹ 50,000/- appear as zero ("0"). As the quarterly and yearly figures are taken from the sources and rounded to the nearest digits, the figures already reported for all the quarters during the yearly might not always add up to the yearly figures reported in this statement.

2 Use of Estimates:

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of income and expenses during the period. Application of accounting policies that require critical accounting estimates involving complex and subjective judgments are provided below.

Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

Critical estimates and judgments**a Income Taxes:**

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/ recovered for uncertain tax positions, and in estimation of deferred tax asset or liability.

b Property, plant and equipment:

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. Management reviews the residual values, useful lives and methods of depreciation of property, plant and equipment at reasonable intervals and any revision to these is recognised prospectively in current and future periods. The useful lives are based on historical experience with similar assets as well as anticipation of future events, which may affect their life, such as changes in technology.

Significant judgments are involved in determining the estimated future cash flows and/or net realisable value from the property, plant and equipment to determine its value in use to assess whether there is any impairment in its carrying amount as reflected in the financials.

c Employee Benefits:

Significant judgments are involved in making estimates about the life expectancy, discounting rate, salary increase, etc. which significantly affect the working of the present value of future liabilities on account of employee benefits by way of defined benefit plans.

d Product quality claims:

Significant judgments are involved in determining estimated value of likely product quality claims.

Notes to the Financial Statements

e Insurance Claims

Significant judgments are involved in determining estimated value likely to be received in respect of insurance claims lodged in respect of loss/damage to properties/stock of the company.

3 Non-Current assets (or disposal groups) held for sale

Non-Current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-Current assets (and disposal groups) classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell except for those assets that are specifically exempt under relevant Ind AS. Once the assets are classified as “Held for sale”, those are not subjected to depreciation till disposal.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised.

A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of derecognition.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet.

4 Discontinued operation:

A discontinued operation is a component of an entity that either has been disposed of, or is classified as held for sale and that represents a separate line of business or geographical area of operations, is part of single coordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations are presented separately in the statement of profit and loss.

5 Foreign Currency Transactions:

- A The Company’s financial statements are presented in Indian Rupees (₹), which is the functional and presentation currency.
- B The transactions in foreign currencies are translated into functional currency at the rates of exchange prevailing on the dates of transactions.
- C Foreign Exchange gains and losses resulting from settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the year end exchange rates are recognised in the Statement of Profit and Loss.
- D Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the Statement of Profit and Loss as part of finance costs. All the other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis.

6 Revenue Recognition:

- A Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government and is shown net of returns, trade allowances, rebates, volume discounts and value added taxes.

Notes to the Financial Statements

- B GST is not received by the Company on its own account, but is tax collected on value added to the goods/ services by the Company on behalf of the government. Accordingly, it is excluded from revenue.
- C For revenue to be recognised, the following specific recognition criteria for each types of revenue must be satisfied:

a Sale of Goods:

Revenue from the sale of goods is recognised when the control of the goods has passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns, trade allowances, rebates, volume discounts and GST.

The goods are often sold with volume discounts/pricing incentives and customers have a right to return defective products. Revenue from sales is based on the price in the sales contracts, net of discounts. Historical experience is used to estimate and provide for customer claims. No element of financing is deemed present as the sales are made with the normal credit terms as per prevalent trade practice and credit policy followed by the Company.

b Service Income:

Service income is recognised as per the terms of contracts with the customers when the related services are performed and are net of GST, wherever applicable.

c Interest Income:

For all debt instruments measured at amortized cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortized cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

- d Claims receivable on account of Insurance are accounted for to the extent the Company is reasonably certain of their ultimate collection.

e Other Income:

Other income is recognised when no significant uncertainty as to its determination or realisation exists.

7 Government Grants:

- A Government grants are recognised in accordance with the terms of the respective grant on accrual basis considering the status of compliance of prescribed conditions and ascertainment that the grant will be received.
- B Government grants related to revenue items are recognised on a systematic and net basis in the Statement of Profit and Loss over the period during which the related costs intended to be compensated are incurred.
- C Government grants related to assets are recognised as income over the expected useful life of the related asset.

8 Taxes on Income:

Tax expenses comprise of current and deferred tax.

A Current Tax:

- a Current tax is measured at the amount expected to be paid on the basis of reliefs and deductions available in accordance with the provisions of the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Notes to the Financial Statements

- b Current tax items are recognised in correlation to the underlying transaction either in Statement of Profit and Loss, Other Comprehensive Income (OCI) or directly in equity.
- c Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

B Deferred Tax:

- a Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.
- b Deferred tax liabilities are recognised for all taxable temporary differences.
- c Deferred tax assets are recognised for all deductible temporary differences and carry forward of unused tax losses.

Deferred tax assets are recognised to the extent it is probable taxable profit will be available against which the deductible temporary differences and carry forward of unused tax losses can be utilized.

- d The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.
- e Deferred tax assets and liabilities are measured at the tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date and are expected to apply in the year when the asset is realised or the liability is settled.
- f Deferred tax items are recognised in correlation to the underlying transaction either in Statement of Profit and Loss, Other Comprehensive Income (OCI) or directly in equity.
- g Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

9 Property, Plant and Equipment:

- A Property, Plant, and Equipment including leasehold land existing as on 1st January, 2005 have been carried at revalued figures and subsequent additions thereto are accounted for on actual/historical cost basis. Cost includes related expenditure and pre-operative and project expenses for the period upto completion of construction / upto date of assets being ready for its intended use, if recognition criteria are met and the present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met. Cost is reduced by accumulated depreciation and impairment and amount representing assets discarded or held for disposal. On transition to Ind AS as on 1st April, 2016, the Company has elected to measure its Property, Plant and Equipment at carrying value as per previous GAAP. As per the requirement of paragraph 11 of Ind AS 101, outstanding amount in the revaluation reserve was transferred to retained earning account upon transition to Ind AS, since the Company is no longer applying the revaluation model of Ind AS 16 upon transition and has elected to apply the cost model approach.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

- B Where components of an asset are significant in value in relation to the total value of the asset as a whole, and they have substantially different economic lives as compared to principal item of the asset, they are recognised separately as independent items and are depreciated over their estimated economic useful lives.

**Notes to the Financial Statements**

- C Depreciation on tangible assets is provided on “straight line method”. Useful life of tangible assets except buildings as per following details are different from that prescribed in Schedule II of the Act, which have been arrived at based on technical evaluation. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. However, management reviews the residual values, useful lives and methods of depreciation of property, plant and equipment at reasonable intervals. Any revision to these is recognized prospectively in current and future periods.

Category of Asset	Useful life in years
Plant & Machinery (Other than Continuous Process Plants), on triple shift basis	22.50
Continuous Process Plants	45.00
Office Equipment	20.00
Computers & Printers	6.00
Vehicles	10.00
Furniture & Fixture	20.00

- D Depreciation on impaired assets is calculated on its reduced value, if any, on a systematic basis over its remaining useful life.
- E Depreciation on additions/ disposals of the property, plant & equipment during the year is provided on pro-rata basis according to the period during which assets are used.
- F Capital work in progress is stated at cost less accumulated impairment loss, if any. All other repair and maintenance costs are recognised in Statement of Profit or Loss as incurred, unless they meet the recognition criteria for capitalisation under property, plant and equipment.
- G An item of property, plant and equipment and any significant part thereof initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

10 Leases

- A The Company has adopted Ind AS 116 “Leases” using the modified retrospective approach, initially applying this standard from 1st April 2019. Accordingly, the information presented for previous year ended 31st March 2019, is not restated and reported as per Ind AS 17.
- B The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116 and this may require significant judgment. The Company also uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend or terminate the lease if the Company is reasonably certain based on relevant facts and circumstances that the option to extend or terminate will be exercised. If there is a change in facts and circumstances, the expected lease term is revised accordingly.

The discount rate is generally based on the interest rate specific to the lease being evaluated or if that cannot be easily determined the incremental borrowing rate for similar term is used.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Notes to the Financial Statements

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's incremental borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, or a change in the estimate of the amount expected to be payable under a residual value guarantee, or a change in the assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the amount of the right-of-use asset, or is recorded in the Statement of Profit and Loss if the carrying amount of the right-of-use asset has been reduced to zero. The right of-use asset is measured by applying cost model i.e. right-of-use asset at cost less accumulated depreciation / impairment losses (Refer note no. 12 for impairment).

C The Company as a lessee:

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and restoration cost, less any lease incentives received.

The right-to-use assets are subsequently depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. In addition, the right-to-use asset is reduced by impairment losses, if any.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. When a lease liability is remeasured, the corresponding adjustment of the lease liability is made to the carrying amount of the right-of-use asset, or is recorded in the Statement of Profit & Loss if the carrying amount of the right-to-use asset has been reduced to zero.

The right to use appears as part of fixed assets and the lease liability appears as non current and current liability in the Balance Sheet.

Rent concessions are accounted for as per provisions of the revised Ind-AS 116 "Leases".

11 Intangible Assets:

- A Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.
- B Capitalised cost incurred towards purchase/ development of software is amortized using straight line method over its useful life of six years as estimated by the management at the time of capitalisation.
- C An item of intangible asset initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognised.

12 Borrowing Costs:

- A Borrowing costs consist of interest and other borrowing costs that are incurred in connection with the borrowing of funds. Other borrowing costs include ancillary charges at the time of acquisition of a financial liability, which is recognised as per EIR method. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.
- B Borrowing costs that are directly attributable to the acquisition / construction of a qualifying asset are capitalised as part of the cost of such assets, up to the date the assets are ready for their intended use.
- C For capitalization of eligible borrowing costs which are not specifically attributable to the acquisition, construction or production of a particular qualifying asset, a weighted average capitalization rate is applied for all the eligible assets.

Notes to the Financial Statements

The weighted average rate is taken of the borrowing costs applicable to the outstanding borrowings of the company during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset.

13 Impairment of Assets:

The carrying amounts of Property, Plant and Equipment and intangible assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the Company measures it on the basis of discounted estimated cash flows for the remaining years (remaining useful life). Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life.

14 Inventories:

- A Inventories are valued at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.
- B Costs (net of input credit of VAT/GST) comprises all cost of purchase, cost of conversion and other costs incurred in bringing inventories to their present location and condition. Cost formulae used are "First In First Out", "Weighted Average Cost", or "Specific Identification" as applicable.
- C Write down of inventories to net realisable value is recognised as an expense and included in "Changes in Inventories of Finished goods, Work-in-progress and Stock-in-Trade" and "Cost of Material Consumed" in the relevant note in the Statement of Profit and Loss.

15 Cash and Cash Equivalents:

Cash and Cash equivalents for the purpose of Cash Flow Statement comprise cash and cheques in hand, bank balances, demand deposits with banks where the original maturity is three months or less and other short term highly liquid investments.

16 Provisions, Contingent Liabilities, Contingent Assets and Commitments:

- A Provisions are recognised when the Company has a present obligation as a result of past events and it is probable that the outflow of resources will be required to settle the obligation and in respect of which reliable estimates can be made.

When the company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. A disclosure for contingent liability is made when there is a possible obligation, that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision/disclosure is made. Contingent Liabilities are not recognised but are disclosed separately in the financial statements. Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingencies and commitments are reviewed at each balance sheet date and adjusted to reflect the correct management estimates.

- B If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Notes to the Financial Statements

17 Provision for Product Quality Claims:

Provisions for claims raised by customers for products sold by the company are made on management estimates based on claim history and other relevant factors. The initial estimate of the claim is revised at each reporting period.

18 Employee Benefits:**A Short term obligations:**

Liabilities for wages and salaries, including leave encashments that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured by the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

B Long term employee benefits obligations:**a Defined Benefit Plans:****i Gratuity:**

Liability on account of gratuity is provided for on the basis of actuarial valuation carried out by an independent actuary as at the balance sheet date. The contribution towards gratuity liability is funded to an approved gratuity fund and the funds are managed by insurance companies. The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit plan obligation at the end of the reporting period less the fair value of the plan assets. The liability with regard to the gratuity Plan is determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. The present value of the defined benefit obligation denominated in ₹ is determined by discounting the estimated future cash outflows by reference to the market yields at the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discounting rate to the net balance of the defined benefit obligation and the fair value of plan assets. Such costs are included in employee benefit expenses in the Statement of Profit and Loss. Re-measurements gains or losses arising from experience adjustments and changes in actuarial assumptions are recognised immediately in the period in which they occur directly in "other comprehensive income" and are included in retained earnings in the statement of changes in equity and in the balance sheet.

Re-measurements gains or losses recognized in the other comprehensive income are not reclassified to profit or loss in subsequent periods.

The Company recognises the following changes in the net defined benefit obligation as an expense in the Statement of Profit and Loss:

- i Service costs comprising current service costs and past service costs.
- ii Net interest expense or income.

b Defined Contribution Plans

Contribution to provident fund is made to the provident fund administered by the Government as per the provisions of the Provident Fund Act, 1952 and is recognised as employee benefit expenses on accrual basis.

Contribution to National Pension Scheme "NPS", which is also a defined contribution plan, is made to NPS managed by insurance Company and is recognised as employee benefit expenses on accrual basis.

Notes to the Financial Statements

C Employee Separation Costs:

The compensation paid to the employees under Voluntary Retirement Scheme is expensed on accrual basis.

19 Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A Financial assets:**a Initial recognition and measurement:**

All financial assets are recognised initially at fair value plus in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the settlement date, i.e., the date that the Company settles to purchase or sell the asset.

b Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in following categories:

i Financial Assets at amortized cost:

A 'financial asset' is measured at the amortized cost if both the following conditions are met:

- The asset is held with an objective of collecting contractual cash flows.
- Contractual terms of the asset give rise on specified dates to cash flows that are "solely payments of principal and interest" (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit or Loss. This category generally applies to trade and other receivables.

ii Financial Assets at fair value through other comprehensive income (FVTOCI):

A 'financial asset' is classified as at the FVTOCI if both of the following criteria are met:

- The asset is held with objective of both - for collecting contractual cash flows and selling the financial assets.
- The asset's contractual cash flows represent SPPI.

Financial Assets included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the OCI. However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Statement of Profit and Loss. Interest earned whilst holding FVTOCI financial asset is reported as interest income using the EIR method.

iii Financial Assets and derivatives at fair value through profit or loss (FVTPL):

FVTPL is a residual category for financial assets. Any financial asset, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Notes to the Financial Statements

Assets included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

c Derecognition:

A financial asset (or, where applicable, a part of a financial asset) is primarily derecognised when:

- i The right to receive cash flows from the asset has expired, or
- ii The Company has transferred its right to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its right to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. When the Company has transferred the risk and rewards of ownership of the financial asset, the same is derecognised.

d Impairment of financial assets:

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a Financial assets that are debt instruments, and are measured at amortized cost.
- b Trade receivables or any contractual right to receive cash or another financial asset.
- c Financial assets that are debt instruments and are measured at FVTOCI.

The Company follows 'simplified approach' for recognition of impairment loss allowance on Point c provided above. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it requires the company to recognise the impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

Notes to the Financial Statements

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss. The balance sheet presentation for various financial instruments is described below:

- a Financial assets measured as at amortized cost and contractual revenue receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet, which reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- b Financial guarantee contracts: ECL is presented as a provision in the balance sheet, i.e. as a liability.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics.

B Financial liabilities:**a Initial recognition and measurement:**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans, borrowings and payables, net of directly attributable transaction costs.

b Subsequent measurement:

Subsequently all financial liabilities are measured as amortized cost except for financial guarantee contracts, as described below:

i Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in Statement of Profit or Loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

c Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

C Reclassification of financial assets:

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model as per Ind AS 109.

Notes to the Financial Statements

D Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

20 Derivative Financial Instruments:

Derivatives are recognised initially at fair value and subsequently at fair value through profit and loss.

21 Earnings per Share:

Basic earnings per share are calculated by dividing the net profit or loss (excluding other comprehensive income) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a right issue, shares split and reverse share splits (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

Note: 3-Recent pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1 - Presentation of Financial Statements -

This amendment requires the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and the impact of the amendment is insignificant in the financial statements.

Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statements.

Ind AS 12 - Income Taxes

This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023. The Company has evaluated the amendment and there is no impact on its financial statement.

D Rights of Equity Share holders

- (a) Holder of equity shares is entitled to one vote per share.
- (b) The Company declares and pays dividends in Indian Rupees. The Companies Act, 2013 provides that dividend shall be declared only out of the profits of the relevant year or out of the profits of any previous financial year(s) after providing for depreciation in accordance with the provisions of the Act and the Company may transfer such percentage of its profits for that financial year as it may consider appropriate to the reserves of the Company.
- (c) In case of inadequacy or absence of profits in any year, the Company may declare dividend out of free reserves subject to the condition that the rate of dividend shall not exceed average of the rates at which dividend was declared by the Company in three years immediately preceding that year.
- (d) In the event of Liquidation of the Company, the holders of equity shares shall be entitled to receive the remaining assets of the Company, after distribution of all preferential amounts. The amount distributed will be in proportion to the number of equity shares held by the shareholders.

a Preference Shares

1% redeemable non-cumulative preference shares of ₹ 100/- each fully paid to be redeemed at par at the end of 20 years from the date of allotment. The Company has an option to redeem the preference shares at par at any time after the end of 12 months from the date of allotment.

Rights of Preference Share holders :

- As per Section 47(2) of the Companies Act, 2013, Preference Shareholders shall have right to vote only on resolutions placed before company which directly affect their rights attached to preference shares and any resolution for winding up of the company or for repayment or reduction of share capital shall be deemed directly to affect their rights.
- Voting rights of the preference shareholders shall be in the same proportion as the paid up preference share capital bears to the paid up equity share capital.
- Where the dividend in respect of a class of preference shares has not been paid for a period of two years or more, such class of preference shareholders shall have a right to vote on all the resolutions placed before the company.

b Non-Convertible Debenture

The company has issued 4,000 unlisted, secured, unrated, redeemable, non-convertible debentures ("the debentures") of ₹ 1,00,000/- (Rupees One lakh only) each to part-finance a new real estate project of the Company ("the project"). The debentures were allotted on 18th January, 2023 and were partly paid up as on 31st March, 2023.

Notes to the Financial Statements

Major Terms of the debentures :

- 1 Security: The debentures shall be secured by creation of a first charge on the land to be acquired for the Project, FSI and construction thereon within 90 business days of the transfer of title of the said land in the name of Company, in favour of debenture trustee for the benefit of the debenture holders by execution and registration of deed of mortgage.
- 2 No interest is payable on the debentures.
- 3 Redemption and premium on redemption: On the completion of the project or 7 years from the date of allotment of debentures, whichever is earlier, the Company shall redeem the debentures along with premium to be calculated such that the debenture holders receive an IRR which is equal to the "project IRR" as specified in the terms of debentures. The Company, at any time after completion of 12 months from the date of issuance, shall have an option to partially or fully redeem the debentures.
- 4 The debentures are partly paid up as at the date of Balance Sheet and are carried at paid up amount.

c Term Loan from Bank**i Nature of Security:**

The company has taken term loan of ₹23 Lacs from banks by hypothecating cars.

ii Terms of repayment:

The Loan bearing interest rate of 9.00% per annum is repayable in 60 equated monthly installments, starting from December 2019.

d Unsecured Loan

The unsecured loans include ₹750 Lacs in the suspense account representing amount of a cheque drawn on HDFC Bank given by the company to Bank of Bahrain & Kuwait ("BBK") and paid to BBK by clearing house because of the delay by HDFC Bank in returning the cheque to BBK.

The proceedings at Debt Recovery Tribunal ("DRT") were completed and order dated June 30, 2017 was passed directing BBK (Defendant No. 1) and the Company (Defendant No.2) jointly and severally to pay the suit amount of ₹914.23 Lacs with further simple interest @12% per annum on principal amount of ₹750 Lacs. The Company had filed an appeal at Debt Recovery Appellate Tribunal, Mumbai (DRAT) against the said order, which is pending. In view of this, the said amount of ₹750 Lacs is continued in the suspense account.

Meanwhile, as part of recovery proceedings filed by HDFC Bank for a decretal amount of ₹ 2070.45 lacs, the Recovery Officer ("RO") passed orders dated March 29, 2019 and April 9, 2019 allowing the application of HDFC Bank for the said decretal amount and inter alia also directed attachment of certain immovable properties of the Company situated at Ahmedabad, Kadi and Mumbai. As against the said decretal amount of ₹ 2070.45 Lacs, the value of the properties attached was far in excess of the decretal amount. Therefore, the company filed an application before the RO for review /recall and/or modification of the attachment order. The application was heard long back, however, no order has been passed yet.

The Company had also filed a writ petition at Hon'ble High Court of Bombay challenging the aforesaid two orders of RO dated March 29, 2019 and April 9, 2019. The Hon'ble Bombay High Court vide an Order dated November 22, 2019 allowed the Company to pursue its said appeal at DRAT without deposit of statutory amount, in view of the fact that decretal amount stood recovered from BBK due to aforesaid orders of RO and the decree was a joint and several one. The Hon'ble High Court also suspended the warrant of attachment against Company's immovable properties and RO's order dated March 29, 2019 till the Company's appeal is decided by DRAT. The said appeal is pending for hearing.

Notes to the Financial Statements

Note: 40 - Disclosures as required by Ind AS 19 Employee Benefits:

The Company has classified the various benefits provided to employees as under:-

Defined benefit plans

Gratuity

The Company provides for gratuity for employees as per the Payment of Gratuity Act, 1972. The gratuity plan is a funded plan administered by a recognised Trust and the Company makes contributions to the Trust. In accordance with Indian Accounting Standard 19, actuarial valuation was done in respect of the aforesaid defined benefit plans based on the following assumptions.

Economic Assumptions

The discount rate and salary increases assumed are the key financial assumptions and should be considered together; it is the difference or 'gap' between these rates which is more important than the individual rates in isolation.

Discount Rate

The discounting rate is based on the gross redemption yield on medium to long term risk free investments. The estimated term of the benefits/obligations works out to 6.33 Years.

Salary Escalation Rate

The salary escalation rate usually consists of at least three components, viz. regular increments, price inflation and promotional increases. In addition to this, any commitments by the management regarding future salary increases and the Company's philosophy towards employee remuneration are also to be taken into account.

The assumptions used are summarized in the following table:

	Year ended March 31,	
	2023	2022
Discount rate (per annum)	7.45%	6.10%
Future salary increase	4.00%	2.00%

Note: 44-Financial Instruments:**A Fair values hierarchy:**

Financial assets and financial liabilities measured at fair value in the statements of financial position are grouped into three levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1 : Quoted prices (unadjusted) in active markets for financial instruments.

Level 2 : The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates.

Level 3 : If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

**Notes to the Financial Statements****B Risk Management:**

The Company's activities expose it to market risk, liquidity risk, interest risk and credit risk. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

The Risk Management is embedded in the Company's operating framework. The Audit Committee of the Board evaluates the Risk Management systems and the Board takes responsibility for the total process of Risk Management in the organization, which includes framing, implementing and monitoring Risk Management Plan.

The Company does not actively engage in the trading of financial assets for speculative purposes nor does it write options.

The most significant financial risks to which the Company is exposed are described below:

a Credit risk:

Credit risk arises from the possibility that customer may not be able to settle its obligations as agreed. The Company is exposed to credit risk from trade receivables, bank deposits and other financial assets.

The Company periodically assesses the financial reliability of the counter party taking into account the financial condition, current economic trends, analysis of historical bad debts and ageing of accounts receivable. Party-wise credit is monitored and reviewed accordingly.

Bank deposits:

The Company maintains its Cash and cash equivalents and Bank deposits with reputed and highly rated banks. Hence, there is no significant credit risk on such deposits.

Trade Receivable:

The Company is exposed to credit risk in the event of non-payment by customers. Major part of sales is made on 'Delivery against payment' basis, hence the credit risk is insignificant. To eliminate credit risk further, high value sales are made by adequate coverage through Letters of Credit, wherever possible, or against post-dated cheques. Clean credit is extended only in exceptional cases. The Company trades with recognized and credit worthy customers. It is the Company's policy that all customers who wish to trade on credit terms are subjected to scrutiny and periodic review. In addition, receivable balances are monitored on an on-going basis with the result that the Company's exposure to bad debts is not significant.

Further, credit risk concentration with respect to trade receivables is mitigated by the Company's large customer base, widely distributed both economically and geographically. Adequate expected credit losses are recognized as per the assessments based on historic data and prevalent market conditions.

Against doubtful trade receivables of ₹ 76 Lacs (Previous year - ₹ 77 Lacs), allowance for doubtful receivables is ₹ 76 Lacs as at March 31, 2023 (Previous year - ₹ 77 Lacs). During the year the Company has not made any allowance for doubtful receivables (Previous year: ₹ Nil).

Ageing of Trade Receivables	₹ in Lacs	
	As at March 31,

beyond 12 Months	78	111
Total	1,528	2,292
Allowance for doubtful Receivables	76	77
Trade Receivables Carried in Balance Sheet	1,453	2,215

b Liquidity risk:

- a Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

Notes to the Financial Statements

- b Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which it operates. In addition, the Company's liquidity management policy involves considering the level of liquid assets necessary to meet these obligations.

c Maturities of financial liabilities:

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all non-derivative financial liabilities.

Total	5,402	39	4	1,456	6,901

c Foreign currency risk:

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar and GBP. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the Company's functional currency. The Company uses forward contracts for high valued foreign currency transactions to hedge the foreign currency risk.

Notes to the Financial Statements

Foreign currency risk exposure:

The Company's exposure to foreign currency risk at the end of the reporting period expressed in ₹ are as follows:

Exposure of USD	₹ in Lacs	
	As at March 31,	
	2023	2022
Financial assets:		
Trade Receivables	165	65
Total exposure to foreign currency risk (assets)	165	65
Financial liabilities:		
Total exposure to foreign currency risk (liabilities)	-	-
Net exposure to foreign currency risk	165	65

Sensitivity Analysis:

The sensitivity of profit or loss and equity to changes in the exchange rates arises mainly from foreign currency denominated financial instruments: *

	₹ in Lacs			
	As at March 31, 2023		As at March 31, 2022	
	Movement in Rate	Impact on PAT	Movement in Rate	Impact on PAT
USD	2.00%	2.48	2.00%	0.97
USD	-2.00%	(2.48)	-2.00%	(0.97)

* Holding all other variables constant

d Interest rate risk:

Interest rate risk is the risk that the fair value of future cash flow of the financial instrument may fluctuate because of the change in market interest rates.

The Company's policy is to minimise interest rate cash flow risk exposures on long-term financing. As at March 31, 2023, the Company is not exposed to changes in market interest rates through bank borrowings as all its bank borrowings are at fixed interest rate. Also, the Company opts for investments in Fixed Deposits at fixed interest rates.

e Price risk:

The Company has no significant exposure to price risk arising from investments in mutual funds, as the investments are in debt funds.

Note: 46-Capital Management:

The Company's capital management objectives are:

- to ensure the Company's ability to continue as a going concern.
- to provide an adequate return to shareholders.
- to maintain an optimal capital structure to reduce the cost of capital.

Notes to the Financial Statements

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.
