

## Indian stock markets trade lower, metals lead losses

Mumbai, Feb 17 (IANS) The Indian equity markets traded lower on Tuesday amid volatility from Nifty weekly expiry session and weakness in metal stocks.

As of 9.30 am, Sensex lost 232 points, or 0.28 per cent, to reach 83,044, and Nifty dipped 92 points, or 0.36 per cent, to settle at 25,590.

Main broad-cap indices performed in line with the benchmark indices, as the Nifty Midcap 100 declined 0.28 per cent, and the Nifty Smallcap 100 dipped 0.05 per cent.

All major sectoral indices traded in the red except Nifty IT, FMCG and PSU Bank. The major loser was Nifty metal, down 1.35 per cent and the major gainer was IT, up 1.08 per cent. Immediate support for Nifty is placed at

25,550-25,500 zone, while resistance is anchored at 25,700-25,800 zone, market watchers said.

Bank Nifty continues to demonstrate relative resilience, with immediate support placed in the 60,500-60,400 zone, marking a key demand area aligned with the prior breakout and trendline support. On the upside, immediate resistance is seen near 61,000, market participants said.

Analysts said that robust DII inflows continue to provide an underlying cushion, helping offset intermittent FII outflows. However, near-term sentiment remains cautious amid persistent weakness in the IT sector on AI-disruption concerns, along with selective profit booking and mixed global cues. Consequently, trading is likely to remain range-bound and choppy until fresh domestic or global triggers offer clearer direction.

Despite the sell-off in capital market-related stocks due to RBI's tighter rules on loans to proprietary traders and brokers, markets closed higher yesterday, reflecting underlying resilience of the market due to India's improving macroeconomic fundamentals. The 14.7 per cent growth in corporate earnings reflected in the Q3 results has come better-than-expected and the momentum is set to continue in Q4, accelerating in FY27, they added.

The US markets were closed overnight on account of the Federal holiday. They ended largely in the green in the last trading session even as Nasdaq eased 0.22 per cent.

## India's economic growth offers lots of opportunities to invest, grow: FM Sitharaman

New Delhi, Feb 17 (IANS) Finance Minister Nirmala Sitharaman, during her official trip to Norway, has told leaders in the country that India's economic growth offers lots of opportunities to invest and grow.

During her meeting with Jens Stoltenberg, Norway's Minister of Finance, she discussed working together in the renewable sector, especially solar power, rare earth processing, carbon capture and storage.

"Both leaders agreed to work towards leveraging the Trade and Economic Partnership Agreement (TEPA), especially in the domains of blue economy, green economy as well as investment via Sovereign Wealth and Pension Funds," according to a Finance Ministry post on X. Stoltenberg informed FM Sitharaman that Norway is looking forward to

the visit of Prime Minister Narendra Modi, scheduled for later in the year, and expressed hope that it would further expand India-Norway cooperation.

Sitharaman also interacted with Tuva Moflag,

cooperation has gained prominence especially in the context of India EFTA TEPA.

"The Committee members were also happy to note that PM Modi shall be visiting Norway later in the year and expressed hope that it will further enhance bilateral cooperation," said the Ministry.

Finance Minister also invited the Committee members to visit GIFT-IFSC and informed that it is a world-class globally competitive financial hub that provides infrastructure and services for financial institutions that offers various tax benefits and a liberalised regulatory regime for entities operating within the IFSC.

She was also scheduled to hold a roundtable discussion with Norwegian CEO and investors and engage with the diaspora at a community event.

Earlier, FM Sitharaman met top leaders and industrialists during her visit to Germany and discussed bilateral trade relations in the backdrop of the EU-India FTA deal.—IANS
